Tories Give Green Light to Gridlock

Tory Mayor, Boris Johnson fails to listen!

- Tory Mayor for London, Boris Johnson, has approved plans for a massive housing development on the former Southall gas works site.
- This scheme had already been refused by both Hillingdon & Ealing Planning Committees, but Boris over-ruled them and didn't listen to local people.
- This will now increase traffic congestion and pollution for the Hayes by-pass and Hayes Town Centre.
- The Tories claim to represent the whole of Hillingdon. But no one from the administration turned up to represent the interests of the South of the borough

Tories Hide Rail Terminal Plans

Tory Plans for a High Speed Rail Terminal Spell Danger to Heathrow Villages

- The Tory plans for a high speed rail terminal at Heathrow will have devastating consequences for the Heathrow Villages, particularly Harmondsworth Village and the West Drayton area.
- The Hillingdon Labour Party has campaigned against Heathrow expansion for 30 years. We were against Terminal 4 & Terminal 5 and the local Tories were in favour of both of them, but we are pleased that the local Tories have finally joined our campaign against Heathrow expansion or have they?
- The Tory proposals to have a High Speed rail terminal at Heathrow means that The Heathrow Villages are now under a new threat, should the Tories form the next government.
- The Tories may have joined our campaign against the 3rd runway but they have replaced a runway on Sipson Village with a Rail Terminal on Harmondsworth Village
